

pureScent™
GOODNESS INHALED

AROMA DIFFUSER NA200

A true expression of serenity and tranquillity, novita PureScent™ Aroma Diffuser NA200 stands out with its polished yet understated faceted accent pattern. Add a few drops of your favourite pure essential oil and you are all set for a private aromatherapy session. Doubling up as a night lamp, its illuminating LED Ambience lights will gradually blends into the next colour and set the mood for you. Also equipped with a Mist Timer, mist can be set to be produced continuously or at 30 second interval. Well-constructed with contemporary aesthetic, NA200 is both functional and endearing at the same time.
